

Fall 2011 BDC@ The Branches Local History Programs

Beaufort County Library

Although management of the Beaufort District Collection Research Room is our primary mission, the BDC shares with our community in other ways. We create content for the “Virtual BDC” on the internet. We provide funding for the *Ancestry Library Edition* subscription database available in the Branch Libraries. We stock the local history sections at the Branch libraries with books and videos that you can check out. In addition, we present **BDC@ The Branches** local history series programming throughout the Library system. Here’s a list of our Fall 2011 schedule:

***BDC@* The Branches Local History Series**

Behind-the-Scenes Tour of the BDC (2 sessions)

Space limited to 10 people. Advance registration required.
Call 255-6468 to register.
